Randy and Sarah:

Thanks for taking the time to meet with us Tuesday. Sarah, you said you planned on sending me a generic form AOC -- not one tailored to the Haystack site -- before you leave for vacation. Having this form AOC will be extremely helpful to us in evaluating EPA's request that BNSF perform the time-critical removal. Any chance you can email it to me today?

We believe a further meeting that involves BNSF's technical folks is necessary. BNSF is considering EPA's request regarding the time-critical removal, and its environmental staff is key to that consideration and decision-making. I suggest we exchange a few dates in late July (after Sarah returns from vacation) or, if necessary, early August, for a follow up meeting of our environmental/technical team with both of you. Please let me know your availability for such a meeting.

Thanks again.

John
